DETAILED ACTION

Applicants' arguments, filed 1 April 2004, have been fully considered. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. The following rejections and/or objections are either reiterated or newly applied. They constitute the complete set presently being applied to the instant application.

Claims 1-14 and 16-42 are currently pending. Claim 15 has been cancelled. Claims 17-24, 35, 36, and 38-42 have been withdrawn for being directed to a non-elected invention. Applicant is reminded that a complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP 821.01.

Rejections under 35 USC 102 and 35 USC 103 have been withdrawn in view of Applicant's response.

Claim Objections

Claims 2-14, 16, 26-34 are objected to because of the following informalities: The independent claims listed above each begin with "A" or "An". This is improper claim construction and the claims should be amended to begin with "The". Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-14, 16, 25-34, and 37 remain rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 25, and 37 now recite “processing each region of each set according to a routine”. Applicant has amended the claims to remove the “corresponding” language, however, the metes and bounds of “routine” are still unclear. It is uncertain as to what the parameters of the claimed routine encompass. Is any such routine applicable to said method?

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

No claims are allowed.
